SUBJECT: Docket No. 98N-1265

Gentlemen:

In its present form the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain health-care products from the provider of their choice. It also infringes on the rights of compounding pharmacies to serve public medical needs.

I am especially concerned, because I am unable to tolerate those drugs that have not been compounded especially for me. This is because of health damage done by an application of chlordane in our home on 12 September 1980.

Please amend the MOU so that I will be able to get the special prescriptions that I need.

Sincerely yours,

MRS JUNE L MURPHY
